

All-round amazing.

The FX HO is an outstanding choice for relaxed cruising or sporty thrill-seekers. On the hunt for a WaverRunner designed to maximise the riding pleasure? Whether you're riding solo, with family or with friends, you're going to fall head over heels in love with this new design.

Adding cutting-edge style to your excitement. Innovative technology and engineering are at the core of the FX HO, from our unique and revolutionary RiDE® system to the lightweight hull, the exclusive electronic control systems and the newest top-notch 4-stroke 1,898cc engine. Right at the leading edge of the performance.

Let the fun begin. The new seven-inch touch screen with Enhanced Drive Control gives you more options with Economy, Towing, Performance, Comfort and Customisable drive modes. Advanced design and sheer build quality add even more to the package. The excellent performance and rider thrill now comes in a new design in Pure White Solid colour with Pale Cyan details.

- High Output 1,898cc, 4-cylinder, DOHC, 16-valve
- Longest, most comfortable hull in the range
- Revolutionary RiDE® system for intuitive control
- Unique 4-step tilt-adjustable steering system
- Seven-inch display with Enhanced Drive Control Modes
- Smartphone synchronisation capability
- Easy access glove box
- GPS chart plotter ready

All-round amazing.

The FX HO is an outstanding choice for either relaxed cruising or sporty thrill-seekers. Looking for a personal watercraft that promises to provide the ideal balance of performance and comfort and a variety of features designed to increase riding pleasure? Then you will love this WaveRunner. You're going to fall head over heels in love with this sophisticated-looking machine in Pure White Solid with Pale Cyan details.

The new bold 1,898cc engine, with its high-pressure fuel pump and intelligent electronic throttle control system delivers smooth, powerful and efficient performance. The elegant hull and lighter-weight NanoXcel2® deck, combined with the remarkable RiDE® system, promise the most comfortable, stable handling you've ever experienced.

The FX HO is a true all-rounder, with features like the brand new seven-inch Connex® display with Security and Enhanced Drive Control Modes, No Wake Mode and Cruise Assist, luxury seating for three, a large, stable swim platform, an extra deep re-boarding step, dual grab handles, and plenty of storage space that guarantees a top-notch experience when you're alone, with your partner, family or friends.

Aerodynamic shape

The capable hull of the FX model cuts through the water, providing stability on any trip. Impressively rigid and robust, it gives these machines awesome on-water performance with stunning acceleration, high top speed, great economy and an even more comfortable ride.

Ride your way

Ride the way you want. Pop your handlebar up and stay standing in rough waters, head for the middle ground for an ultra-comfortable cruising experience or go low when you're ready to race. Your screen is also adjustable, so you can change the performance and appearance to be a perfect match for whatever adventure you're on.

Luxury, comfort, footwell drainage, and easier re-boarding

From four-step, tilt-adjustable steering to a luxury three-person cruiser seat, and from practical handlebar tie points to a large swim platform with a deeper, wider, softer, more comfortable step and dual handles for re-boarding. The FX HO really does have it all. It even has an industry-first footwell drainage system.

RiDE® system (Reverse with intuitive Deceleration Electronics)

The revolutionary RiDE® system transforms your riding pleasure, bringing a feeling of confidence to every rider, at every level. Simply pull the throttle lever on the right hand-grip to move forwards and accelerate. Pull the lever on the left hand-grip to slow down or to reverse. Yes, it's really that simple.

Enhanced Drive Control Modes

Intuitive riding experience through the new ConnexT® display featured Enhanced Drive Control Modes: Economy, Towing, Performance, Comfort and Custom. The last allows you to pre-set a top-speed limit and an acceleration curve, making it the perfect partner for novice riders. Set a steady speed on longer trips for maximum economy.

Simple and sports-ready

The tow hook offers a higher tow point, which enables a new level of exciting watersports action. It's also easier to access, removes the need for a towing bridle and offers tidy tow line storage beneath. What's not to love?

Engine

Engine type	1.9 Liter High Output, 4-stroke, 4-cylinder
Lubrication system	Wet sump
Supercharger	No
Displacement	1,898cc
Bore x stroke	86mm × 78mm
