

Unleash your inner adventurer.

Feel at one with the waves. Styled in an iconic vibrant Deep Purplish Blue Metallic with sleek graphics, the JetBlaster has been built with excitement at its core. Racy looks, nimble handling with RiDE® control technology and strong power-to-weight performance make it the perfect partner for serious fun.

Excellence in engineering and great build quality define every Yamaha WaveRunner, and the JetBlaster is no exception. From advanced materials like the NanoXcel2 hull to the marvellous TR-1® High Output engine, you've got a machine made for adventure.

The JetBlaster has a range of features that make it ideal for freestyle riding. From stabilising foot chocks to an ergonomic handlebar and round grip handle, it's designed to guarantee adrenaline seekers exciting agility and user-friendly handling to quickly conquer the waves. Even for less experienced riders.

- NanoXcel2 hull and body which is robust and lightweight
- Wide, curved handle bar for unique riding style
- Round grip provides greater connected feeling
- Foot chocks support advanced moves
- Electric trim for on the go adjustment
- Small, compact switch box

Unleash your inner adventurer.

The JetBlaster is pure fun personified. Styled in an iconic vibrant Deep Purplish Blue Metallic with sleek graphics, the JetBlaster is simply stunning. An outstanding blend between a top-quality engine and a great power-to-weight ratio guarantee adrenaline seekers exciting agility and user-friendly handling to quickly conquer the waves.

Our JetBlaster is ready for fun and exciting riding, with foot chocks enabling near-instant mastery of tricks, flicks and stunts, a handlebar that's purpose-built for slick moves, and an enhanced electric trim for easy control and instant gratification.

We have crafted the JetBlaster's high-quality hull and deck from NanoXcel2®, making it both strong and lightweight. Fuse this with a TR-1® High Output engine and power-to-weight ratio, and you get some serious thrill-seeking potential.

TR-1® High Output 1,049cc, three-cylinder engine

The JetBlaster® is powered by our innovative three-cylinder engine, the 1,049cc High Output TR-1®. This remarkably compact and lightweight unit packs a real punch, and offers lively acceleration and great top-end power, plus economy and reliability. A great power-to-weight ratio means you get thrilling speed and agile handling.

Custom designed handlebar and chocks

The JetBlaster's handlebars have been designed with a smooth, curved shape, providing intuitive support for a unique riding style. Foot chocks allow you to easily adjust your weight, opening up a more playful freestyle ride.

Lightweight hull and body for top performance

Made possible by Yamaha's unique materials technology, NanoXcel2® is an impressive 18% lighter than our revolutionary NanoXcel® yet just as rigid and strong. It maximises the exciting performance of the JetBlaster, helping it deliver its superb acceleration and even sharper cornering.

Storage as standard

Take everything with you, as standard. The JetBlaster offers wet storage in the bow for tow lines beach games and more. Underseat storage provides a spacious and handy location for all your adventure essentials. The glove box provides easy access to your shades, snacks and other bits you need to have to hand.

Performance-inspired electric trim

Adjust the height of the bow on the go. Raise the bow to reduce water spray and nose-diving, then dip down low for more grip in the corners. A smoother, more skilful ride is just a touch away.

A modern classic

Own a modern twist on a classic, with heritage Yamaha styling and characteristics. The JetBlaster features modern graphics, advanced engineering and uncompromising build quality. It looks every bit as good as it feels to ride.
