

Supercharge your adventure.

Bring a big grin to your face as you get your heart racing and conquer the waves with the latest FX SVHO. Be ready to supercharge adventures your way in luxury and performance, the two distinctive sides of this outstanding WaveRunner.

Add some cutting-edge cool to your ride. This super-powerful WaveRunner is packed with innovative technology and engineering from our unique revolutionary RiDE® system and lightweight hull to the exclusive electronic control systems and the supercharged, 4-stroke 1,812cc engine.

Let the thrill begin. The 7-inch touch screen Connex® display with Enhanced Drive Control gives you more options with Economy, Towing, Performance, Comfort and Customisable drive modes. The attention to detail with the striking deep purple and black design and sheer build quality add even more to the package. The result is a guarantee of excellent performance.

- Longest, most comfortable hull in the range
- Smartphone synchronisation capability
- Unique four-step tilt-adjustable steering system
- Revolutionary RiDE® system for intuitive control
- Supercharged SVHO 1812cc engine with EFI
- Seven-inch display with Enhanced Drive Control Modes
- GPS chart plotter ready
- Easy access glove box
- Audio integrated with control via display

Supercharge your adventure.

Bring a big grin to your face as you get your heart racing and conquer the waves with the latest FX SVHO in striking deep purple and black that stand out without shouting. Be ready to supercharge adventures your way in adrenaline-pumping luxury and performance, the two distinctive sides of this outstanding powerful three-seat touring WaveRunner.

Don't compromise on comfort or performance. The supercharged SVHO engine and capable hull are a perfect double act; smooth, impressive power, coupled with stable, agile handling for a supremely comfortable ride.

Cutting-edge technology and innovation are fully packed in this astonishing design with our revolutionary and intuitive RiDE® control system, adaptive electronic trim, Cruise Assist and integrated security feature. The FX SVHO now also comes with a Yamaha Music integrated audio system for ultimate sound clarity and quality at any speed.

RiDE® system (Reverse with Intuitive Deceleration Electronics)

The revolutionary RiDE® system transforms your riding pleasure, bringing a feeling of confidence to every rider at every level. Simply pull the throttle lever on the right hand-grip to move forward and accelerate and pull the lever on the left grip to slow down or to reverse. It's really that simple!

Unique, simple-to-use security system

With this innovative system there's no separate remote control to worry about. Just use a PIN code to set and unset your security and control modes via a touch on the Connex® display screen.

Multi-mount accessory system

Wouldn't you like to have a way to take your chosen accessories with you when you set off for a day on the water? The multi-mount system means you can take your GPS/fish finder, your GoPro or even your cup of coffee securely mounted to the great-looking body of the FX SVHO.

30% more storage for even bigger adventures

We've designed around 30% more easy-access storage into our FX models so your adventures can be longer and take you further. There are cleverly integrated, practical storage solutions all over: a very large watertight glove box compartment, generous storage under the seats, at the bow and stern.

Supercharged, DOHC, 16V 1,812cc engine

The amazing SVHO® (Super Vortex High Output) engine produces smooth, flexible power and features highly efficient cooling and air intake systems as well as strong engine internals. The large Hyper-Flow jet pump helps turn that power into electrifying acceleration and the Electronic Fuel Injection (EFI) provides smooth and efficient power output.

Seven-inch colour touch screen display

See the bigger picture in full colour on the largest screen we offer on a WaveRunner. It's GPS map-ready and complete with smartphone synchronisation.

Engine

Engine type	Supercharged 4-cylinder, 4-stroke, Super Vortex High Output Yamaha Marine Engine
