FX Limited SVHO

Having it all looks good on you

Some decisions are difficult. This one isn't. Fast or comfortable? Exciting or relaxing? Cutting-edge technology or pure enjoyment? The FX Limited SVHO specialises in answering "yes" to all of the above.

The premium seating keeps everyone happy long after they should probably be thinking about heading back, while the integrated Yamaha audio keeps the mood as high as the excitement. Throw in a 7" Connext touchscreen with GPS-enhanced Drive Control and suddenly a few hours never seems quite enough.

There's one more reason the FX Limited SVHO gets away with having it all. A supercharged 4-cylinder, 4-stroke Super Vortex High Output engine. The sort of engine that tends to answer any remaining questions.

- Supercharged 4-cylinder, 4-stroke Super Vortex High Output Yamaha Marine Engine
- 7" Connext touchscreen with GPS-enhanced Drive Control and security mode
- Dual Auto Trim modes
- 4-step tilt-adjustable steering system
- Pull-up cleats
- Factory-installed Yamaha audio system
- Premium comfort features
- Extensive storage options
- Additional FX Limited accessory package available

Why choose between power and luxury?

If you’re upgrading, upgrade properly. A supercharged engine, premium comfort and intelligent technology come together in the FX Limited SVHO to create a machine that believes more is more. Created for riders who don’t see much point in compromise, it brings together luxury, versatility and serious on-water presence in one impressive package.

A premium three-rider comfort seat, integrated Yamaha audio and an immersive 7" touchscreen help make every ride feel like an occasion. Add smartphone connectivity and personalised ride settings, and suddenly heading home feels like an entirely optional part of the day.

Then there’s the supercharged Super Vortex High Output engine waiting beneath it all. Smooth when you’re cruising, exhilarating when you’re not, it delivers the kind of performance that turns open water into temptation. Beneath the luxury is serious performance. And it has no intention of staying hidden.

FX Limited SVHO

Limited accessory package

You've already refused to compromise on the machine. Why start now? The Limited accessory package adds a curated collection of premium accessories, including a custom mooring cover and cooler bag kit, designed to help you make even more of every adventure. Sold separately.

Pull-up cleats

The smallest details are often the most satisfying. These flush-mounted pull-up cleats stay neatly out of sight when not in use, helping maintain the sleek look while making mooring quick, simple and hassle-free when the adventure pauses.

Premium 2-piece, 3-rider comfort seat

Designed for riders who don't believe good days should come with a finish line. The premium comfort seat keeps everyone comfortable hour after hour, making "just a quick ride" an increasingly unrealistic plan.

Integrated Yamaha audio system

A great soundtrack can improve almost anything. Thankfully, this one knows how to keep up. The integrated Yamaha audio system automatically adjusts volume, treble and bass as your speed changes, so when the beat drops, you're right there with it.

Dual auto trim modes

Some rides call for comfort. Others call for showing off. With dedicated Comfort and Performance modes, the intelligent Auto Trim system automatically adjusts the ride to suit the occasion, helping deliver a smoother cruise or a more dynamic ride at the touch of a button.
